RE: Claim Number 12005
Date of Claim receipt, 01/04/2012

Dear Mr. Darby,

Thank you for meeting with me in our office. I have relooked your case in light of the Federal Case dismissal. The lawsuit filed against Greg Kimsey, et.al, under Case No. 12-MC-5000BHS was dismissed. Because we are an agent of the State, it therefore falls outside our ability to deal with it, we cannot reverse the Court's action.

Simply put, we are not operating under the same constitution as you, we are using a different set of rules. I must simply close our claim with no further action; it is not denied or accepted. We simply have no authority under your constitution to make any decision.

Thank you for your time and we apologize for the difficult road this has been.

Sincerely,
General Services
