

\$775 Million Owed to Lawful 1997 Citizens of Clark County!

- You and your family members may each be owed \$2,000.00 from Clark County!
- \$2,000.00 is owed to every lawful person living in Clark County in June of 1997.
- In 1997 the amount owed each person was approximately \$400.00; however interest has accrued to its present value over the past 15 years.
- Clark County officials had the responsibility and obligation to disburse these funds to lawful residents in 1997 and failed to do so.
- Clark County has and continues to commit Fraud against the lawful people of Clark County by keeping funds that are owed to the people.
- Mr. Van Dyke issued lawful notes from a Public Trust in 1997, and appeared before an open County Commissioners meeting in the summer of 2011 to remind Clark County Commissioners of the funds that previous bureaucrats did not distribute to the people of Clark County.
- This money is the result of a Criminal Complaint and International Commercial Lien filed against a corrupt Federal Judge John C. Coughenour, who did not act lawfully according to the lawful 1789 Constitution for the United States of America.
- Federal Judge John C. Coughenour had 90 days to challenge, rebut and refute the Criminal Complaint and did not do so. This Criminal Complaint and resulting Lien is in Default and cannot ever be challenged again.
- These funds are not taxable. These funds are free and clear with no strings attached.
- These funds can be claimed by established families or individuals that resided in Clark County prior to the issuing of the note in June of 1997. Each individual must provide evidence of their residence in June 1997.
- We must **Demand** that Clark County Officials distribute these funds because so many families are in desperate need at this time.
- The officials and bureaucrats will try to hide and keep this money from you by saying ‘these facts are not true;’ ‘the notes are fraudulent,’ or that ‘these funds do not exist.’
- We must act together and **Demand** that Clark County officials distribute these funds or provide certified federal proof that the notes are fraudulent.
- The Local and Federal government has had 15 years and counting to do the right thing – it is time to act.
- I have attached a simple claim form at the bottom of this Flyer.
- Signed: David A. Darby, Trustee for the River County Public Trust www.SovereignProject.com

The following is a claim form. Fill this out and send 1 copy each (front and back) to the County, care of **Greg Kimsey, Auditor and Doug Lasher, Treasurer** by certified mail so they must acknowledge you sent this form to them. A copy of the 1997 note is on the back of this form as proof of what we say is true.

I _____, Demand and claim the above mentioned funds for me and my family of _____. This is equal to the total family members living in Clark County in 1997 times \$2000. The total I and my family are due is \$ _____. I declare that I and/or my family was lawfully residing in Clark County during June of 1997. I am including a copy of the notes I refer to and demand either my funds or a sworn affidavit from the federal government that the note is fraudulent. If you do not have any documentation from the Federal Government, I **demand** that you immediately send the notes to our US House representative, Jamie Herrera, for submission to congress for payment. Please send me my funds to the following address:
